Is a program evaluation of the project being conducted?	No
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	The City is providing funding to two public institutions of higher education located within City limits to support recovery from the Covid-19 pandemic. Direct funding can be used for support of operating expenses, marketing, employee payroll, and other eligible categories as defined by the final guidance.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	The City reviewed various sources to identify the impact to the higher education industry, including local economic data. Based on this analysis, the City worked with higher education partners to identify specific needs of each institution to provide relevant, impactful funding.
If aid is provided to industries other than travel, tourism, and hospitality, please describe if the industry experienced at least 8 percent employment loss from pre-pandemic levels, or the industry is experiencing comparable or worse economic impacts as the national tourism, travel, and hospitality industries as of the date of the Final Rule, and rationale for providing aid to the industry	According to the UCCS Economic Form October 2021 dashboard, Education ranks fourth in Real GMP of all identified sectors in the Colorado Springs MSA. From inception of the pandemic to Q1-2021, the education sector lost approximately 3,000 employees of approximately 29,000 (10% decline) as reported in the same dashboard report. Additionally, area universities saw a significant decline in enrollment upwards of 22% early in the pandemic, which decreased to approximately 4.5% in late 2020. Although there has been recovery in total enrollments, the higher education sector, particularly in Colorado Springs, has been a highly impacted industry.
